Camp Explorations provides children with fun-filled weeks. The main themes include Fitness, S.T.E.A.M., and Literacy and all activities are designed to meet children’s interests. We have an energetic staff that engages the children with games, arts and crafts, team sports, special guests and weekly field trips. We also have a weekly talent show that allows children to work together as a team and use their creative and imaginative skills.

Field trips are subject to change

Program Descriptions

June 8-12: Great Inventors & Bright Ideas – Our campers are natural explorers, tinkerers and inventors! Using loose parts, tools and materials, children will design and construct exploring maker mindset. This week is sure to inspire campers' curiosity and challenge them through zany building contests and figuring out how everyday technological items work! Field Trip: The Tech Museum

June 15-19: Hearts and Hands: Make the World a Better Place - Campers will enjoy stretching their thinking about ways to use their hearts and mind to make our world a better place. From survival tools to activities to brighten lives, this camp experience has something for everyone.

Activity/Field Trip: The Tech Interactive

June 15-19: Hearts and Hands Make the World a Better Place

Campers will enjoy stretching their thinking about ways to use their hearts and mind to make our world a better place. From survival tools to activities to brighten lives, this camp experience has something for everyone.

Activity/Field Trip: Milpitas Fire Station & Visit from Green Team of San Jose

June 22-26: The Secret Life of Plants – Future botanists wanted! Learn about plants, trees, and other types of flora within our neighborhood. Be sure to roll up your sleeves as you plant indoor and outdoor gardens, build raised planter boxes, learn the anatomy of plants and even taste edible plants while building a deeper connection to mother earth.

Activity/Field Trip: Ardenwood Farm

June 29-July 3 (Closed 7/3): Where in the World? & Hometown Wonders – Grab your passports and pack your bags! Be ready to become a junior geographer. This week will be dedicated to traveling all around the globe and diving deep researching local cities. Get ready to learn fun facts about far away countries as well as neighboring towns.

Activity/Field trip: Silliman Aquatic Center

July 6-10: Extreme Action: Cinematography - See the world from the point of view of your camper as we put various cameras at their fingertips allowing their creativity to run wild! Campers will use a selection of camera equipment to create photo books and videos. Performing arts will be embedded in the week as campers act out a play which will be recorded onto the big screen!

Activity/Field trip: San Jose Children's Music Theater

July 13-17: Go for the Gold – Campers will explore games and sports that are professionally played. The skills and experiences like learning to cooperate, working as a team, and challenging yourself will help shape the campers for the rest of their lives. The week will end with our very own Camp Olympic medal ceremony.

Activity/Field Trip: Silver Creek Sportsplex

July 20-24: Myths and Legends - Does your child enjoy great stories and the art of storytelling? Campers will investigate some of the world's most famous myths, folktales and legends. Join us as we unlock some ancient secrets, explore the work of magic – from Hercules and Fairies to Bigfoot. We will explore the myths and legends of yesterday and today.

Activity/Field Trip: Rosicrucian Museum

July 27-31: Be a Super Scientist - Join us for a truly “uncharted” adventure! With only 5% of the oceans explored, endless galaxies light years away, and extreme terrains covering our planet; humans have barely scratched the surface of our intricate world full of mysteries and uncharted territories. This camp session will be full of discovering, investigation, and exploration as we dive to the depths of the ocean, soar to the darkest locations in space, and delve into most extreme lands that still remain a mystery!

Activity/Field Trip: Marine Science Institute

August 3-7: Extreme Explorers & Pioneers - Campers will learn to think outside the box as they explore Weird Science. Campers are full of great questions and are intrigued to learn about many things that provoke their senses. They will get to experience things using their sensory skills, even if some seem a little bit weird. **Activity/Field Trip: Chabot Space Science**

August 10-14: Dollars & Sense – Campers will explore topics that will make them more aware of the financial world. Campers will have the opportunity to learn skills to manage money in fun ways. This camp experience will offer opportunities to do unique jobs and come up with inventions to sell. Campers will gain an understanding of giving, saving, and needs vs. wants.

Activity/Field Trip: Tracy the Animal Guy
